A large deposit of potash has been discovered in the basin of Malheur lake, near Burns, Ore. Steps are being taken to obtain permission to drain the lake.

Next to money, sentiment most keeps happy families from breaking up.

**Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running, itching, or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

### AMERICAN INDIANS NO LONGER ARE VANISHING RACE, COMMISSIONER SELLS REPORTS

Washington, December 8.—The American Indians no longer are a vanishing race, but under improved health conditions are increasing in numbers, according to the annual report today by Commissioner Sells, of the Indian Bureau.

There were 209,224 Indians when the report was written, an increase of 1,522 over a year ago. Health and educational campaigns, the report says, reduced the general death rate this year from 35.55 in 1,000 to 23.33, an end down the number of infant deaths from 2,391 two years ago to 1,303 this year. Deaths from tuberculosis were reduced 40 per cent.

For determining the character of the bottoms of inland waterways sounding leads containing microphones have been invented, mud bottoms producing dull noises on vessels using the devices and stony bottoms a series of taps.

### LABOR LEADERS

**Draw Rail Bill For Congress—President Wilson's Legislative Program Is Halted Pending Proposed Substitute—Federation Ready to Make Fight.**

Washington, December 8.—Congressional action on President Wilson's railway legislation program probably will await the results of determined efforts of labor leaders to draft a substitute for all forms of compulsory arbitration a plan for dealing with strikes, actual and threatened, which will be agreeable to their followers, employees and the administration.

The determination of the President to undertake making impossible by law such a situation as he faced last September in the railroad dispute, has aroused all branches of labor to the greatest activity. The unofficial alliance between the American Federation of Labor and the four railway brotherhoods arranged recently at Baltimore for the purpose among other things of opposing "dangerous" legislation, is bearing its first fruit in conference between representatives of both organizations for the purpose of drafting a plan that will shelve all compulsory arbitration bills.

**Slow on Program**  
Congressional leaders, aware of this activity, are inclined to go slowly on the President's program, pending announcement of labor proposals, provided, of course, they are revealed during the present session of Congress. A delay even of sixty days, a House leader said today, would still leave Congress time to take any action it might deem necessary.

If a scheme satisfactory to the workers is drafted, it is understood, it then will be submitted to representatives of the railroads and other employees and to the President. Approval of it probably would mean that Congress, at least, would eliminate the compulsory arbitration feature from any legislation enacted.

Plans approved by the President for the introduction of his railway program in Congress, contemplated no new bills. All of the proposals, it was agreed today between Senate leaders and Representative Adamson, chairman of the House Commerce Committee, will be offered as amendments to a House bill now before the Senate. This measure would provide for an additional number of the Interstate Commerce Commission members and amendment of it to meet the various features of the President's program. This would be comparatively simple in comparison with introducing several separate measures.

**No Need For Haste**  
Under this amendment arrangement there is no need for urgent haste in either House, the leaders think. The Senate Commerce Committee will continue to hear testimony of the railway situation generally the House Committee which framed the Adamson Act for the present will not touch the railway situation in so far as it concerns the President's program and in the meantime labor leaders, employees and the President can be carrying on their negotiations.

If no substitute plan can be agreed upon, the Congressional machinery will be ready for rushing the President's program in what ever form he may desire, to a speedy vote. If it should include a compulsory arbitration feature, organized labor is expected to make the fight of its life against it.

### EASTERN BATTLE FRONT NOW 1,000 MILES LONG

London, December 8.—The defeat of the Roumanians lengthens the eastern war front to 1,000 miles.

British military critics believe that the Roumanians will take their stand alongside of the Russians, and that the new battle line in the east will stretch from the Baltic to the Black Sea.

All the way across Roumania from the Transylvanian Alps to the Danube, the flight of the Roumanian army continues, Berlin reports.

Earlier in the day in a supplemental statement the Berlin War Office announced the capture of 8,000 prisoners and twenty-six guns by the German allies and that south of Ploesti and Althausen passes Russo-Roumanian armies were trapped.

It was reported today that the Kaiser, Emperor Charles and King Ferdinand of Bulgaria may meet in Bucharest for a conference. A similar meeting between the Kaiser and King Ferdinand was held at Nish, capital of Serbia, when that city fell into the hands of the German allies.

The seat of Serbian government was moved from Belgrade to Nish when von Mackensen's army captured the former city.

An attempt by the French to recapture trenches won by the Germans on Hill No. 204, Verdun front, was repulsed, the Berlin War Office reported today.

### LABOR LEADERS

Renewed attacks by the allies in Macedonia have all been repulsed says the Bulgarian War Office today.

Reuter dispatch from Amsterdam today quotes the German Socialist newspaper Vorwarts as saying that, despite the victory in Roumania, Germany still desires peace.

"The victory in Roumania is a victory of defense and does not open the prospect of dividing the world among us and our allies," says this paper. "Our enemies may suffer still greater defeats, but will remain strong and can still, without appearing ridiculous, say that, although beaten, they are not conquered. They recognize defeat, but believe they must eventually be victorious."

### A CURE FOR BRONCHITIS

We Have Been Selling in Maysville for Many Years a Remedy We Guarantee.

Please read the following letter and we promise if you buy a bottle of Vinol form us and are the least bit dissatisfied, we will cheerfully return your money.

Woodstock, Ill. "I suffered from bronchitis, had a very bad cough and ap ain in my chest, was weak and tired all the time. It seemed almost impossible for me to go on with my work. I tried different remedies without benefit, also cough medicines, but my druggist recommended Vinol, and it gave me almost instant relief. Its continued use cured my bronchitis and built me up so that I feel like a different man." Charles Botta.

The reason that cough syrups fail in such cases is because they are palliative only, while Vinol removes the cause, being a constitutional remedy in which are combined beef and cod liver peptones, iron and manganese peptones and glycerophosphates. It strengthens and revitalizes the entire system and assists nature to expel the disease. Our faith in Vinol is shown in the above offer John C. Pecor Drug Co., Maysville.
